

## NEW DIRECTIVE ON BALLOTS FOR STATE SENATOR

Adams Countians will have to write in the name of their choice to fill the vacancy caused by the resignation of State Senator Donald P. McPherson Jr.

Clarence C. Smith, clerk of the county election board, said today the board has received a certification from Henry E. Harner, of the state election board, directing that there appear on the regular ballots November 6 a section reading "for Senator in the General Assembly from the 33rd district for the unexpired term of Donald P. McPherson Jr., vote for one" and leaving a blank space in which a vote may be written.

The action by the state denotes that prior plans of the political parties locally to place Charles McGee, the Democrat nominee for state senator, and Douglas Elliott, the Republican nominee, as candidates for the unexpired term have been dropped.

### Empty Honor

If the nominees had been listed as the candidates for the unexpired term, as well as for the regular four-year term, the county election board planned to have a separate ballot made up for the unexpired term election to avoid confusion.

Since there are no candidates listed for the unexpired term, the listing will appear on the regular ballot, Smith said.

While it is expected that at least several hundred written-in votes will appear listing persons for the unexpired term, the winner of it will most likely have a purely honorary and non-paying job. Only if the Legislature is called back for a special session will a senator be needed, and only in that case can

## Bloodless Revolt Upsets Honduras Administration

TEGUCIGALPA, Honduras (AP)—A three-man military junta ruled this Central American republic today in the wake of what apparently was its first bloodless political coup in history.

Julio Lozano, 71, was removed as chief of state by the junta led by Gen. Roque J. Rodriguez, leader of the Francisco Morazan Military Academy.

Other members of the junta are Col. Hector Carraccioli, chief of the Honduras air force, which played a leading role in the revolt, and Maj. Roberto Galvez, son of Galvez.

A Honduras broadcast said one of the first acts of the junta was to proclaim illegal the election two weeks ago of a Constituent Assembly for this banana-growing country of slightly over 1½ million population. The broadcast called the election "a national shame" and said it did not represent the popular will.

The Assembly had been called by Lozano to meet Nov. 11 and was expected to elect him presi-

## New Leaders Point Poland To Independence From Moscow Rule

By COLIN FROST

WARSAW, Poland (AP)—Legders pledged to guide Poland on a new course independent of Moscow have taken the reins of the ruling Communist party and swept the Stalinists from policy-making posts.

Wladyslaw Gomulka, a tough and taciturn 51-year-old Communist who became a national hero by defying Stalin, emerged at the top after a shakeup of the powerful Politburo last night.

Surrounding Gomulka in the streamlined, nine-member ruling group were other men said to favor his demand for disentanglement from Soviet controls. All remained pledged to continued Communist government.

Toss Out Stalinists

Among the Stalinists tossed out of the Politburo was Marshal Konstantin Rokossovsky, the Polish-born Soviet army hero installed by Stalin as head of Poland's military forces in 1949 to hold the country in the Soviet orbit.

## JAIL YARMARK AND CHAUFFEUR ON 17 COUNTS

Ronald W. Yarmark, 35, Aspers ceramic manufacturer, and his chauffeur, Howard L. Miller, Gettysburg R. 4, were each seeking \$5,000 bail to secure their release from the Adams County jail where they were placed for default of bail Saturday.

The two men, with "John Doe" and "Richard Roe," two unknown men, were arrested Saturday on a charge listing 17 counts, including burglary, larceny, conspiracy, false pretense and forgery.

The 17 counts grow out of the alleged stealing of Yarmark's car by Yarmark and the other three men.

### Charged By Epley

District Attorney Daniel E. Teeter said the 17-count charge was brought before Justice of the Peace John H. Basehore by C. W. Epley, local garage proprietor, after the General Motors Acceptance Corporation had repossessed Yarmark's \$4,500 Cadillac, and stored it in Epley's garage, and then Yarmark in some fashion again secured possession of the auto.

The story as revealed by the charge against the four men seemed as follows: Yarmark's car was repossessed by GMAC, October 11 and was stored in the Epley garage by the GMAC agent. GMAC alleged that monthly payments of \$218 had not been met for July, August and September. At the time the car was stored, a tag was placed on the steering wheel, and a stub containing the same number as that on the tag was given the GMAC agent who warned that no one should be given the car unless he showed identification as a GMAC representative and had the stub with the proper number.

On October 17, two men entered the Epley garage, one appearing in business dress, the other apparently a mechanic. They spoke to an attendant on duty, showed what appeared to be GMAC credentials, showed a stub which corresponded in number to the one on the wheel of the car, paid the storage rate and asked a receipt so "they could get the money back from GMAC," put what appeared to be dealer's license tags on the car and drove off.

The complaint alleges that the

## Expect Quick Reply From Bulganin To Ike Sharp Charge Of "Meddling"

By JOHN SCALI

WASHINGTON (AP)—Russia's Premier Bulganin almost certainly will fire a quick reply to a letter from President Eisenhower accusing him bluntly of meddling in the American political campaign.

But whether he does or not, Bulganin's letter seems sure to become a major political issue in the coming two weeks with both Republicans and Democrats seeking to use it to their advantage in the debate over continuance of hydrogen bomb testing.

Officials who forecast today that Bulganin will reply promptly said they expect him to deny any intention of interfering in the U.S. political campaign by his surprise message Friday renewing his appeal for an end to atomic and H-bomb tests.

### "Personally Offensive"

Foregoing diplomatic language in his reply, Eisenhower said Bulganin's newest plea attacked "my own sincerity" and was "personally offensive to me" in its attack on Secretary of State Dulles.

In predicting a speedy reply from Bulganin, diplomatic officials said Eisenhower's charges were of such a serious nature that almost any government would feel impelled to reply swiftly.

They acknowledged that if Bulganin adopts the same strong language Eisenhower used, it will virtually end prospects that such personal messages ever will lead to concrete steps toward world disarmament.

### Propaganda Avenues

An end to the Eisenhower-Bulganin exchanges, however, would not disappoint top American officials. Many have felt for months that the Kremlin was relying on as convenient propaganda avenues more than as any serious attempt at negotiation.

Eisenhower said that if an ambassador had done what Bulganin did, he would be expelled from this country.

In denouncing Bulganin's letter, Eisenhower in effect accused the Soviet leader of seeking to give a helping hand to Adlai E. Stevenson, the Democratic presidential

## COMPLAINT IN SCHOOL ACTION IS AMENDED

The Adams County court this morning permitted amendment of the injunction action brought by East Berlin school board against the Reading Twp. and Abbottstown school districts.

The amendment included the addition of Paradise Twp., York County, as an additional defendant and the inclusion of Conewago Independent School District as an additional plaintiff.

By the amendments all of the school districts of the Conewago Joint School system were brought into the action by which East Berlin hopes to restore the Conewago Joint School board as an operating entity.

The jointure was dissolved, according to Reading, Abbottstown and Paradise by action taken by those three boards October 8 when they passed two resolutions. The first resolution ousted East Berlin and Conewago Independent from the jointure, and the second dissolved the entire jointure.

No Obligations  
A scheduled hearing on the equity case started 45 minutes late this morning, and ended without a hearing being held.

Originally listed for last Friday morning, the hearing in the equity action was postponed at that time until this morning, "to permit the ironing out of some technicalities," attorneys said then.

This morning Attorney Donald M. Swope for the East Berlin board and Attorney Eugene R. Hartman, representing Abbottstown and Reading Twp., conferred with Judge W. C. Sheely from 10 o'clock until 10:45 o'clock in the judge's chamber, while a number of school officials and court attendants waited in the court room.

When the attorneys and judge appeared in the court room, Attorney Swope asked the court's permission to amend the equity complaint to include the Conewago Independent and Paradise districts. Judge Sheely asked if there was any objection from Abbottstown and Reading Twp. There was none given, so permission was granted to amend.

The court then asked if Paradise Twp. were represented. There being no response, the court held that it was impossible to proceed under the rule which was to be heard, because an additional defendant had been listed, and set next Tuesday morning, October 30, at 10 o'clock as the time for an appearance by Reading, Abbottstown and Paradise to show cause why a preliminary injunction should not proceed against them. Court then was closed.

Attorney Hartman accepted service for Reading and Abbottstown. Attorney Donald M. Swope said papers would be served on the Paradise board to appear October 30.

### "THE COMMUNITY CHEST"

Each year they ask us for our aid... and we answer the call... we do our very best to give... however large or small... and we know well the need is great... for they do untold good... in helping the unfortunates... throughout each neighborhood... the chest is many charities... all rolled up into one... reaching out to aid the poor... their work is never done... it would be quite impossible... to list their godlike deeds... ready, willing and able... to answer urgent pleas... the folks engaged in this great work... deserve a word of praise... they are humanitarians... who foster happy days... and so it is I write this verse... urging all to give... it is indeed a privilege... to help others to live.

(Continued from Page 1)  
nominee, who has been urging that this country take the lead in working toward an end to big-scale nuclear tests. He says the danger to mankind from radiation set loose by such blasts is growing steadily.

Stevenson's Comment  
Eisenhower has rejected Stevenson's suggestion, saying a foolproof inspection system must be agreed upon before this nation can safely end its tests.

Stevenson did not comment on Eisenhower's formal reply to Bulganin, which the White House made public in mid-afternoon yesterday. But in a statement commenting on earlier remarks by White House press secretary James C. Hagerty, Stevenson deplored what he termed an effort to dismiss the Bulganin letter as a "propaganda exercise."

"The White House seems to have dismissed the Russian offer out of hand," he said, while adding that Bulganin's letter appeared to contain nothing new.

Sen. Gore Agrees  
Sen. Gore (D-Tenn.) said he agreed that Bulganin's letter was "an improper intrusion" into the American political campaign.

In his 400-word letter to Bulganin, Eisenhower told the Russian Premier his letter constituted interference in U.S. internal affairs; that Moscow published it before it could be translated and delivered to him; that he was offended by Bulganin's saying that Secretary Dulles has distorted Russia's views; and that "you seem to impugn my own sincerity."

The United States, he said, for a long time has been carefully studying "dependable means" of ending the arms race, including a possible ban on atomic-hydrogen tests.

Reminder On "Open Skies"  
"To be effective, and not simply a mirage," Eisenhower wrote, "all these plans require systems of inspection and control both which your government has steadfastly refused to accept."

"Even my 'open skies' proposal of mutual aerial inspection, suggested as a first step, you rejected."

Dulles, whom Bulganin assailed for allegedly making "direct attacks against the Soviet Union and its peace-loving foreign policy," sought yesterday to play down the radiation peril connected with hydrogen bomb explosions.

In words obviously aimed at Stevenson, he said during a CBS television interview it was "relatively a very minor angle of the problem" which persons he did not name had "built up into an effort to create a great scare."

Dulles maintained there is "far more danger" to mankind from normal X-rays of the kind dentists use on patients than from the after-effects of hydrogen blasts.

next spring in answer to their demand."

Making Oriole Film  
Harwell first came to Baltimore in 1954 to broadcast the Oriole games after six years of Big-League experience with the Brooklyn Dodgers and New York Giants. In addition to this excellent broadcasting record, he is one of the few sportscasters whose writings are represented in the Baseball Hall of Fame at Cooperstown.

He will join Gunther on a full-time basis on November 1. Ernie expects to be busy filling a number of speaking engagements and making personal appearances until it is time for him to leave for spring training.

"Meanwhile," said Driskill, "Ernie will be working on the new movie we are making, featuring the highlights of the Oriole season."

"This full-color film, which runs for a half-hour, will be ready soon. We want to make it available on a request basis for showing to all local groups in our area."

The message was delivered by the pastor, the Rev. G. Howard Koons. An anthem, "Psalm 150," Ellen Jane Lorenz, was sung by the choir. The building fund treasurer, Roy A. Sterner, reported that Mrs. Lillie M. Renner had contributed \$200 to the building fund in memory of her parents, Jeremiah and Anna May Bair. The Rev. The annual offering for the missions, at home and abroad, was received during the Sunday morning masses in St. Aloysius Catholic Church. The pastor, the Rev. Fr. William A. Boyle, announced that there will be a special parish meeting on Thursday at 8 p.m. in the parish hall for all those who will be able to help and who will volunteer their services for the three-day Thanksgiving bazaar planned for November 22, 23 and 24.

Father Boyle also announced that each week there will be Christian doctrine instruction at 9:30 a.m. Sunday in the school, by the Sisters, for the children of the congregation not attending the parochial school, and at 7 p.m. Monday evenings at the rectory, by the pastor, for the junior-senior high school students not attending a Catholic school.

Daily mass this week will begin at 8:15 a.m. and October devotions will be held during the mass.

Brownies On Outing  
Seventy-eight Brownies from Littlestown Troops 45, 51 and 56, leaders and other supervising adults enjoyed an outing at Camp Happy Valley, the Adams County Girl Scout Council camp, near Fairfield, on Saturday afternoon. The group left town by bus and station wagon, driven by John Ingram and Mrs. Howard Myers, at 1:30 and returned at 7 p.m. Mrs. L. Robert Snyder took the provisions to camp.

A variety of outdoor games were played. There were a nature hike and a song fest prior to the evening meal, which included a wiener roast. Before returning home the group toured the pheasant farm, near the camp. Other adults on the trip were Mrs. Emerson F. Muller, Mrs. John Kump, Mrs. Leonard Kershner, Mrs. Thomas Bachter, Mrs. Betty Everhart and Mrs. Charles W. Simons.

## JAIL YARMARK

four must have entered the Epley garage, secured another parking ticket and stub, removed the one that had originally been placed on the Yarmark car, and wrote certain identifying data on the stolen tag in preparation for the visit by the two men purporting to be from GMAC. The GMAC office at Harrisburg reported Saturday that it still holds the original stub received.

The car was in Yarmark's possession shortly after being removed from the Epley garage, according to the information.

The district attorney said Yarmark admitted getting possession of the car from some friends October 17, but denied that he had any knowledge of how they obtained it.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

## ONE HUNDRED YEARS AGO

Gettysburg: The election—We had hoped that the Union ticket would prevail in this county on Tuesday last, but it appears we have been disappointed, at least in part. We had enough material in reserve in one of two townships, to have insured the election of whole ticket, but it was not at the proper place on that day. However, it is useless now to lament about the matter—we hope they will feel it a duty to do better next time.

We have succeeded in electing three of our candidates—Dr. Horner for associate judge, Mr. Musselman for assembly and Mr. McEllan for district attorney. The vote for commissioner, etc., was very close, and victory might have been accomplished without much trouble. As it is, however, we must submit. The Democrats have now the control of the Board of Commissioners and Directors of the Poor. Applicants for situations in their gift are very plenty already.

Another Fire in York! On Tuesday night last, a fire broke out in the alley between Main and King Sts., York, in the stable of Granville Hartman, and in a short time 18 buildings, all frame except one, were in flames, presenting a frightful appearance. Six houses and twelve barns and stables were consumed. This fire and the one on the preceding week laid waste a square and a half of buildings. The whole is the work of an incendiary.

Thanksgiving Day: The governor of Maine has joined with the governors of Maryland and Missouri in designating the 20th of November as Thanksgiving Day.

SEVENTY-FIVE YEARS AGO  
Rev. J. F. Boll, pastor of St. Francis Xavier's Church of this place, left on Friday to pay a visit to his parents in Lancaster County, and complete the arrangements for his proposed European trip. He expects to sail on the 29th and will be accompanied by several other priests. They will extend their trip to Egypt and Palestine and expect to be gone eight or nine months. During Rev. Boll's absence the church will be supplied by Rev. Henry Reit.

Fairfield Items: The following officers of Valley Home Lodge have elected and installed: N. G. John M. Musselman; P. G. C. J. Sefton; Asst. Sec'y, W. C. Rogers; Rep. to Grand Lodge, A. C. Musselman.

Miss Effa J. Kittinger is on a visit to her friends in Washington city.

John Sloat caught a racoon one evening last week weighing 12 pounds.

On Saturday last, as Joseph Mickley and daughter were on their way to Gettysburg, the buggy became uncoupled, throwing them out. Mr. Mickley received several bruises on the face, and a cut on the nose. The daughter escaped without injury. Dr. Horner dressed the wounds and Mr. M. was able to return home in the evening.

Fire: On Saturday morning about daylight our town was alarmed by the cry of "fire!" and the ringing of several of the church bells. It originated in the discovery that the large double frame dwelling at the lower end of York St., occupied by Henry Culp and Emanuel Ziegler Jr., were on fire. There was at first a scarcity of water and some confusion, but effective work was done by a number of citizens, which saved the building from total destruction. Both roofs were burnt off, the upper and lower stories of the eastern end, occupied by Mr. Ziegler, being saved. Mr. Culp's end was more seriously damaged, the fire working its way down between the stud partitions to the lower floor. It is thought the fire originated from sparks from the kitchen chimney lodging on the roof. Most of the furniture in both buildings was saved. Mr. Culp had just completed a mansard roof on his end of the building. The Adams County Mutual Company has an insurance of \$900 on the Ziegler property and the Mussburg Company \$1,000 on the Culp property, which will more than cover the losses. The Messrs. Stallsmith had about completed the work for Mr. Culp the night before, but left some

## Today's Talk

## SWEAT, PAIN, AND DESPAIR

Thomas Wolfe once wrote a most interesting little book "The Story of a Novel." In it he told how he went about it to write his first book. It is very frank and honestly written. One statement interested me. He said: "There is nothing very literary about it. It is a story of sweat and pain and despair and partial achievement."

Ambitious ones wishing to become writers should read this enlightening book, though it has long been out of print. Few writers went through the agony of giving birth to their books as did Thomas Wolfe. He had hardly started on a noted career when he was stricken—and gone. A great loss to literature.

People reveal themselves in their letters as in no other medium. Wolfe was a prolific writer and a big book of his letters has recently been published, making it a very autobiographical publication. Wolfe was a big man, his whole physical frame of some six feet five alive with fire and the ambition to keep excelling himself.

Just before Wolfe's last book came out I was honored with a call by him. We had a most interesting talk, and I shall never forget his tremendous enthusiasm and powerful mental energy. He told me he was determined to make this next book of his by far his greatest. He was always thinking far ahead. He was a writer with endless visions.

Wolfe's brief career should be an inspiring one to all ambitious writers. He just wanted to write, having no knowledge as to how to start or formulate a novel. But, like the beloved Don Marquis, he was forever "full of new beginnings." But, in Wolfe's own words, the story of his success was one of "sweat and pain and despair and partial achievement."

Tomorrow Mr. Adams will talk on the subject: "Going To!"

Matthew Adams Service

## HUNTING SEASON

Men long have called it "Home, sweet home."  
But as the seasons come and go  
We've learned that many like to  
Discomforts of rough life to know.

The well dressed man would  
change to slacks.  
An open shirt he wants to wear.  
There's much that comfort  
plainly lacks  
The rugged life allows  
elsewhere.

His table gleams with linen  
white,  
But that is not his chief  
desire.  
He likes to eat his meal at night  
Outdoors beside an open fire.

He's glad to feel a breeze that  
stings.  
He seeks the friendship of a  
guide.  
He revels in the countless things  
That city life cannot provide.

## TEAMS UNTIED AND UNBEATEN

By THE ASSOCIATED PRESS  
Lafayette, East Stroudsburg and Westminster are Pennsylvania's only unbeaten, untied teams as the 1956 football season goes into its second half.

Franklin & Marshall and Haverford each have a tie to mar their otherwise perfect records.

Westminster added No. 17 to its victory string Saturday with a 28-0 win over Geneva. Lafayette took its fifth straight with a 13-7 triumph over a surprisingly strong Bucknell squad. East Stroudsburg also won its fifth in a row, with an easy 42-13 defeat of Mansfield.

Pennsylvania Military College and Washington & Jefferson departed from the ranks of the unbeaten, PMC losing to Drexel 42-21, and W. & J. taking a 33-6 lacing from Thiel.

## All Big Teams Win

For the first time in several years, all the state's major colleges won their games on the same weekend. Pittsburgh walked Duke 27-14. Penn topped Brown 14-7. Villanova clobbered Boston University 27-13, and Penn State licked Ohio State 7-6 in one of the season's major upsets.

Temple took its third straight win by whipping Carnegie Tech 27-12. The Owls have one loss, Lehigh lost to Virginia 24-12, and Gettysburg crushed Muhlenberg 34-7. Kings won its first game in six meetings with Scranton 26-14. Juniata trampled Dickinson 44-13 while getting back on the victory trail after its first loss in three years.

West Chester Teachers triumphed over California 26-7 and Lock Haven had no trouble with Cheyney, winning 41-7. Edinboro lost to John Carroll 27-13. Indiana defeated Clarion 31-0. Slippery Rock lost a wild one to Western Reserve 40-38. Kutztown licked Trenton Teachers 13-6, and Shippensburg romped over defending teachers college conference champion Bloomsburg 20-3.

## U. S. Ice Breaker Is In Ross Sea

IN THE ANTARCTIC (DELAY-ED)—The Navy's icebreaker USS Glacier today became the first ship in sailing history to enter the Ross Sea ice pack this early in the season. Earliest contact with the Ross Sea belt was made on Dec. 7, 1912, by the Kaiman Maru, a Japanese ship.

Chief Boatsman Walter E. Frumier, USN, Jacksonville, Fla., officer of the deck at the time the glacier entered the outer pack, described it as "small icebergs and flocks of brash ice (jagged fragments)."

The 8,600-ton ice-buster plans to skirt the outer fringe of pack ice and take up a position to serve as picket station for the aircraft flying from New Zealand to McMurdo Sound, Antarctica, as part of "Operation Deepfreeze II."

Deck divisions were busy through out the day de-icing six to eight inches of ice which covered deck fittings and weighted down the ship.

"Deepfreeze" is a four-year program supporting scientists who will make earth studies in the Antarctica during the International Geophysical Year 1957-58.

The Cleveland Barons used the Providence Reds and Springfield Indians as springboards over the weekend to jump into first place in the American Hockey League.

After turning back the defending champion Reds 4-1 Saturday night, the Barons defeated the Indians 7-3 last night to boost their point total to 7 points, two more than Hershey, Providence and Buffalo, which are tied for second.

The Buffalo Bisons also moved into contention with two triumphs. They first beat Hershey 4-3 Saturday and last night completed the sweep at the expense of Providence, 2-1. In the only other game over the weekend, Springfield walloped winless Rochester 8-2 Saturday.

## DETROIT LIONS NIP 49ERS ON LATE FIELD GOAL

## By THE ASSOCIATED PRESS

The two unbeaten kingspins of the National Football League, the Detroit Lions and the Chicago Cardinals, are finding their thrones threatened by rumblings of revolt from below.

The Lions held to first place in the Western Conference yesterday but barely averted a defeat by the San Francisco 49ers when quarterback Bobby Layne booted a clutch 17-yard field goal just 17 seconds from the end for a 20-17 victory.

The Cardinals, outrushed 229 yards to 125, had to capitalize on six-pass interceptions, a blocked field-goal attempt and two fumble recoveries, to down the Philadelphia Eagles 20-6 and retain first place in the Eastern Conference.

Lopsided Wins  
Meanwhile, the closest pursuers, the Chicago Bears in the West and the New York Giants in the East, displayed their mounting strength with lopsided victories. The Bears, accumulating 209 yards on the ground, 268 in the air and 26 first downs, buried the Baltimore Colts 58-27.

The Giants trounced the Pittsburgh Steelers 38-10 on the limber arm of Chuckie' Charley Conerly. The 32-year-old quarterback flipped three scoring passes.

In the other games, the Washington Redskins finally won their first after three straight defeats, beating the once-proud Cleveland Browns 20-9. The Green Bay Packers, with a sensational Tobin Rote-to-Billy Howton combination, turned back the Los Angeles Rams 42-17.

Colts Suffer Injuries  
George Blanda of the Bears saw his record consecutive string for conversions broken at 156. But he made up for it by throwing three touchdown passes and kicking a field goal. Ed Brown passed for two more Bears' TDs.

The Colts lost quarterback George Shaw in the second quarter and veteran halfback Carl Taseff in the third through injuries. Lenny Moore again stood out for the Colts, running 45 yards for a score.

Conerly completed 14 of 24 passes for 202 yards. In addition to his payoff tosses, Conerly set up two other scores.

Leading 6-3 in the final quarter, Philadelphia handed the Cardinals the victory. A fumble and an intercepted Bobby Thomson pass set up two touchdowns for the Cardinals and another intercepted Thomson aerial set up the second of Pat Summerall's two field goals.

## TEAM SETS NEW WORLD MARKS

ONTARIO, Calif. (AP)—The U.S. track and field team equaled or cracked four world and two American records here and bettered eight Olympic standards in a weekend warmup.

The Olympic marks were unofficial, however, since they can be set only in Olympic competition. The world marks:

Leamon King, University of California speedster, equaled the 100 meters record in 10.1.

Beats Own Record  
Parry O'Brien, former University of Southern California shot putter, again beat his world record with a toss of 61 feet, 4 1/2 inches.

Boston College's Harold Connolly threw the hammer 213 feet 8 inches to improve a world mark of 211 feet 8 inches held by Mikhail Krivonozov of Russia.

The mile relay team of Tom Courtney, Charley Jenkins, Arnie Sowell and Lou Jones ran the distance in the world record-breaking time of 3:08.6. The old mark of 3:08.8 was set by Americans in 1952 in London.

Max Truex of Warsaw, Ind., established a new American record by winning the 5,000 meters in 14:22.8. Ira Davis of Philadelphia leaped 51 feet 11 inches in the hop, step and jump for another U.S. record.

## Bullets Pulverize Mules 34-7 In Fine Performance Before Homecoming Throng

A new season high in all-around performance was reached by the Gettysburg College gridders here Saturday afternoon as they romped to an easy 34-7 conquest of Muhlenberg before approximately 3,500 Homecoming fans. The triumph was the third straight for the Bullets and lifted their season record to 3-2.

After a scoreless first period the Bullets racked up a pair of six-pointers in the second frame to take a 13-0 halftime lead. Early in the second frame Muhlenberg was threatening when Frank Capitani, an excellent performer for Gettysburg, intercepted a pass by Wright to give the Bullets possession on the Gettysburg 40. Capitani picked up a first down on two running plays to advance the ball to the Mule 49. After Don Hailey added four yards, Dick Stravolo whipped a pass to Jim Flood on the 10 from where he raced over. It came after 4:30 of the period. Dave Lichtenfeld's placement kick hit the uprights.

**Davies Recovers**  
A recovered fumble by Larry Davies on the Mule 27 opened the way for the second Bullet score several minutes later. Capitani moved the ball to the 17 on a wide sweep. The attack stalled before Capitani fired a pass to Davies on the 7. The Hershey flash then ripped through left tackle to hit pay dirt. Harry Binger converted the first of his four extra points via a placement. Midway in the third frame the Bullets went 84 yards for their third TD on the running of Hailey and Capitani. Earl Yost finally going over from the 4.

The fourth tally came seconds later after Muhlenberg returned the following kickoff to its 38. Jones dropped back to pass and when he was tackled by Davies, the ball barely left his hands and went smack into the arms of on-charging Bob Barkley who grabbed the ball and raced unmolested over the goal line.

**Visitors Score**  
Coach Johnny Yovisic swept his bench clean of reserves during the final frame and Muhlenberg finally came up with a score after 11:23 minutes. It came when Art Wright hit Bob Lee with a pass on the Mules' 40 and the latter outraced the Gettysburg secondary, the entire play covering 79 yards. Dave Jones split the uprights for the point.

With less than two minutes of play remaining the Bullets added their fifth score when George Greiner swept left end, just missed going out of bounds and then rammed 63 yards into pay dirt. Binger wound up the scoring with his fourth straight conversion kick.

**Capitani Gets Trophy**  
During the half time intermission Capitani was awarded the tin cup trophy as the outstanding performer during the first half.

Nancy Huntzberger was crowned the queen for the day during the half time festivities. The trophy for the float parade was awarded to the Sigma Chi fraternity.

Next Saturday the Bullets meet undoubtedly their strongest opponent of the season when they face unbeaten Lafayette at Easton.

## FRANKIE RYFF ON COMEBACK TRAIL TONIGHT

By THE ASSOCIATED PRESS

Loser of only two fights in his pro career, 24-year-old Frankie Ryff starts a "comeback" tonight in the hopes of regaining a place among the leading lightweights.

The handsome New Yorker meets ambitious Frankie Ippolito, a neighborhood rival, in the 10-round feature at New York's St. Nicholas arena. Ryff is the 13-5 favorite.

Du Mont will telecast at 9:30 p.m. EST.

Rookie of the Year for 1954 and a leading contender earlier this year, Ryff was knocked out of the ranking list June 2 when he was flattened in the ninth round by Larry Boardman at Madison Square Garden.

Ippolito, a 22-year-old getting his first crack at a "name" fighter, has a 19-3-1 record, including five kayos. Ryff is 20-2 with three kayos.

**Favor Machen**

Undeclared Eddie Machen of Redding, Calif., is a 2-1 choice to score his 18th straight victory on Wednesday when he opposes Johnny Holman of Chicago in a clash of heavyweight contenders at Portland, Ore. Machen, seventh-ranked, has a 17-0 record, including 13 kayos. Holman's record is 30-12-1, including 18 kayos. The Chicagoan is eighth-ranked. The 10-rounder will be broadcast and telecast.

Yama Bahama, one of the best of the "unranked" middleweights, tests his left left hand against aggressive, wide-open Tony (Tex) Gonzalez, East Orange, N.J., at New York's Madison Square Garden Friday night (NBC-TV, Radio, 9 p.m. EST). Bahama has a 40-5-2 record. Gonzalez has a 23-5-1 record.

## BEATEN, TIED TEAMS LEADING SCHOOL LOOPS

**JOHNSTOWN, Pa. (AP) —** A once beaten and a once tied team are joint contenders today in the race for Class A title honors in the Western Pennsylvania Football Conference.

Hollidaysburg moved up from sixth place by virtue of a 24-12 victory over Captain Jack Friday night. Tyrone, in the No. 2 spot last week, defeated Clearfield 35-12 to move up.

Both teams have a point rating of 480. Windber, ineligible for the title, leads both teams with a 483 rating on the basis of three victories and no defeats. Windber cannot compete for the title because it does not play enough conference games.

Indiana, last week's top contender, dropped to third place despite a 19-6 victory over Westmont. Indiana has a 3-0 record and 467 points.

**Portage Is Second**

The rating system is based on the strength of opponents as well as the victory record. On that basis Westmont was considered a weak opponent and caused Indiana to slip from the top.

Portage, with a record of six victories and a tie, moved from fourth to second place with a 468 rating. Portage disposed of Shade Twp. 20-0 over the weekend.

Northern Cambria, former No. 3 team, took a 25-6 beating at the hands of Central Cambria and slipped to eighth place. Central Cambria jumped from seventh to sixth place.

Conemaugh Twp. with a record of 5-1-1 moved into fourth place Huntingdon with five victories and a defeat took over the fifth spot, moving up from eighth.

Lewistown, formerly in ninth place moved to seventh and Westmont took over the ninth place berth.

**Top To Have Chance**

The top 10 teams are the only ones given a chance to win the title.

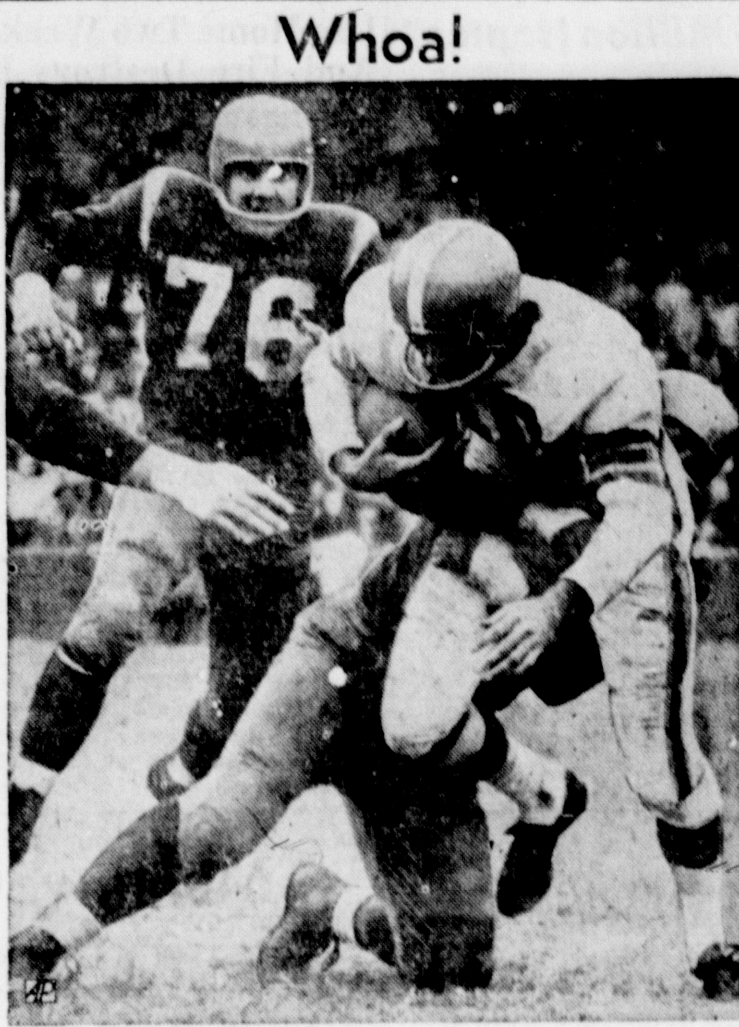

United Joint, idle in league competition last week, held on to first place in Class B with a record of three victories and no defeats for a 437 rating.

Patton remained in second place with these other teams still given an outside chance of winning the title: South Fork, Cresson, Greenfield-Kimmell and Everett-Sothern. Knocked out conference competition last week were John Carroll, Laurel Valley and Robertsdale.

Here's how the races shape up: Eastern Conference — Swoyersville and Tamaqua retained the leads in the Northern and Southern divisions, Swoyersville for the third straight week and Tamaqua for the second week in a row. Swoyersville beat Luzerne 28-0 and Tamaqua beat Lansford 24-0.

Defending champion Coal Twp. edged nearer the top in the Southern Division by beating Kulpmont 36-14. Coal is now third, 55 points behind Tamaqua.

Western Conference — Hollidaysburg and Tyrone moved into a first place tie at 480 points. Windber is rated at 483 but is ineligible for the title this year. De-

## Canners Convert Fumbles Into 38-13 Laurel Triumph Over Susquehannock Team

Biglerville invaded foreign territory for the third time this year and ran off with a 38-13 Laurel League football victory over Susquehannock at Glen Rock Saturday before 1,000 fans. It was the Canners' fourth win.

Injuries from the Dallastown encounter left Susquehannock without five regular players. Fumbling was also costly to the Warriors, as Biglerville capitalized on four fumbles and turned them into touchdowns.

Leading Biglerville's onslaught with three touchdowns was Ken Baltzley; Nelson Weber, John Con-

fending co-champion Clearfield is virtually out of the race now but Huntingdon, the other defending co-champ still has an outside chance in fifth place.

WPILA AA — Duquesne's loss eliminated it from the race. Six teams are still fighting for the title—Charlestown, Jeannette, Farrell, Sharon, West View and Ambridge. Defending champion Alliquippa was eliminated early in the season.

Section II — Corry, which already wrestled the title from Warren, took its seventh win of the season 39-20 from Harborcreek, a former all-winning team which lost two straight.

Central Penn — Williamsport is now on top and should have little trouble in repeating as champion. South Penn — Although Carlisle now leads, Mechanicsburg has an excellent chance of overtaking the Herd. Mechanicsburg won a non-league game from New Cumberland 33-13 over the weekend. The squads meet Nov. 16.

Susquehanna — Milton added its sixth league win at the expense of Lock Haven 37-6. Lewistown, the only other team yet to lose a league game, beat Bellwood Antis 41-7 in a Western Conference but non-Susquehanna contest. Milton has already defeated defending champion Danville.

Keystone — Pottsville and Coal Twp. pulled into another tie for the lead. Pottsville beat defending co-champ Mount Carmel 6-0 while Berwick, the other defending co-champ, lost to Shamokin 14-13. Coal Township's game with Kulpmont was a non-league game.

Suburban Philadelphia — Lower Merion and Haverford are tied with four wins apiece. They meet Nov. 10. Chester took Cheltenham 21-6 in another league game.

Big Three—Easton pulled a minor upset in beating Bethlehem 20-7 in the first league game of the season. Allentown took an inter-sectional game from Altoona 32-0.

Ches-Mont — Pottstown's 13-6 win over West Chester gave it first place. West Chester and Conestoga had been tied for the lead.

## GEORGIA TECH MAY REGAIN ITS SOUTHERN TITLE

By ED CORRIGAN

If all goes according to expectations the remainder of the football season the Ramblin' Wrecks from Georgia Tech won't turn into a bunch of mental wrecks after all.

The state of Georgia Tech's mental health goes back two years, ever since Mississippi started winning the Southeastern Conference title.

The Engineers thought they were the class of the conference — as they probably were. But in 1954 Ol' Miss won the title and then last year, the Engineers made one slip — they lost by two points to Auburn — and in slipped Mississippi again.

**Ohio State, TCU Beaten**

This year, Mississippi has made a slip. Tulane licked the Rebels last Saturday 10-3, and now the road appears clear for Georgia Tech to go all the way.

Sad to relate, Georgia Tech goes against the very team that did them a favor this week — Tulane. Then they have Duke and Tennessee. After that, the coast is clear. Tennessee is the only problem Ol' Miss has on the remainder of its schedule.

Besides Mississippi, which will try to pull itself together at the expense of Arkansas this Saturday, Ohio State and Texas Christian will be picking up the pieces. Both had been undefeated until they ran into mousetraps in the form, respectively, of Penn State and Texas A&M. Both lost by identical 7-6 scores.

**Sonoers Meet Notre Dame**

But it didn't hurt the Buckeyes in their quest for the Big Ten title. However, starting with Wisconsin, they face five straight league foes and it goes without saying they'll have to improve their attack.

Despite its defeat, TCU still appears to be the strongest team in the Southwest Conference.

At the top of the heap, Oklahoma goes after its 35th straight victory. The opposition is Notre Dame, which in other years would have the country pulsating. But Irish Coach Terry Brennan is finding out, just as Knute Rockne did in 1928, that you can have good seasons and bad ones.

**Irish Lose Third**

Notre Dame now has lost three of its four games. Michigan State gave the Irish a clobbering Saturday 47-14.

In the Pacific Coast Conference, only Southern California remains unbeaten, having made Washington a 35-7 victim last week. The Trojans play Stanford Saturday in a game that could go far in deciding the league champion.

## Littlestown Takes Laurel Conference Lead By Lacing Kennard-Dale Rams 33-13

By THE ASSOCIATED PRESS

Littlestown High School, rebounding from its defeat a week ago, took over undisputed possession of first place in the Laurel Conference by staging a strong second half attack to wallop Kennard-Dale 33-13 Saturday afternoon on the losers' gridiron.

Late in the first period the Bolts drove from their own 40-yard line deep into Ram territory on the fine running of Kelly Pottorff and Bobby Nester and on the first play of the second stanza Gene Miller pounded off tackle for the score. Ron Crouse booted the point to give the Bolts a 7-0 half time lead.

The Bolts picked up two more scores in the second quarter. The first came on a 58-yard drive with Pottorff smashing over from the 9. The kick for the point was wide. A short time later Littlestown took the ball on a punt on its 32. A pass, Miller to Nester, moved the leather to midfield. Eating up the rest of the yardage on the ground, the drive was climaxed by Miller bolting over from the 4. Crouse converted via a kick.

**Nester Intercepts**  
Early in the fourth period Nester grabbed a pass by Charley Ecker and streaked 60 yards. Crouse again added the point to make the count 26-0.

Kennard-Dale came back with its first score after returning the ensuing kickoff to its 29. Ecker picked up four yards and then Charley Gofrey broke away on the first of two brilliant long runs and raced 67 yards to tally. Jim Mann added the point.

**Godfrey Runs 100**  
On a Bolt punt Godfrey took the ball on his goal line, and aided by some fine blocks against the Bolt third-stringers, went 100 yards for a score. Mann kicked the point. Littlestown went 62 yards for its final tally. At the Bolt 46, Miller whipped a pass to Joe Klunk on the Ram 20 from where he scored easily, the entire play covering 54 yards.

The triumph was the sixth in seven games for Coach Wilb Gobrecht's Bolts.

# DEMOCRATS CLAIM LEAD IN 21 STATES

By JACK BELL  
CHICAGO (AP)—Adlai E. Stevenson's campaign strategists claimed the lead today over President Eisenhower in 21 states with 285 electoral votes. They said Stevenson needs only a driving finish to win a narrow Nov. 6 victory.

Stevenson, who speaks tomorrow night in New York City's Madison Square Garden, is now pointing his campaign toward strenuous efforts to win big city support in some of the larger states among 12 the Democrats list in the doubtful class.

These strategists have crossed off 15 states, with 105 electoral votes, as definitely lost to Eisenhower, as definitely lost to Eisenhower.

Chides Eisenhower  
With the exception of a Farm Day Show speech at Springfield, Ill., Thursday and a later tour of New York's smaller upstate cities, Stevenson will concentrate on the big town vote in vital areas.

He chided Eisenhower in a statement yesterday for what he said was an "out of hand" dismissal as a propaganda effort of Soviet Premier Bulganin's proposal for the sending of hydrogen bomb tests. Stevenson has said he would make efforts to halt such tests the first order of business if he becomes president.

Although he said there seemed nothing new in Bulganin's proposal, he said the United States cannot afford to dismiss of the matter to let the Russians "continuously appear before the rest of the world as more devoted to peace and disarmament than we are."

Hits Doubtful States  
Stevenson is expected to step up his attacks on Eisenhower in the larger states on his strategists' doubtful list.

This group includes Arizona, California, Illinois, Iowa, Michigan, Minnesota, Montana, Nevada, New York, North Dakota, Ohio and Oregon. He won't get into some of the less populous states.

The 12 have a total of 191 electoral votes. The Stevenson camp regards prospects as ranging from "very doubtful" in Michigan to "improving sensationally" in Illinois.

Assess State Views  
They believe they are picking up in California, where a month ago they had few hopes. Despite their talk of a farm revolt, they regard their chances of beating Eisenhower in Iowa as slim. They

say they have "a fighting chance" in Minnesota.

Their hopes of winning New York's hefty 45 electoral votes are not strong, but are based on efforts to combine majorities in some upstate cities with a hoped-for whipping New York City Democratic margin.

They are far less optimistic about getting Ohio's 25 electoral votes than some of the local Democratic candidates there. They don't believe there is more than an outside chance for Stevenson in Oregon.

Although Republicans violently dispute some of their claims, Stevenson's backers express confidence their candidate is ahead in the following states:

15 "Lost To Ike"

Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Massachusetts, Mississippi, Missouri, New Mexico, North Carolina, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Virginia, Washington and West Virginia.

If Stevenson won these states and California he would have 267 electoral votes, one more than the necessary majority.

If they lose Texas, Pennsylvania or Massachusetts—all carried by Eisenhower in 1952—they concede they are "out of business."

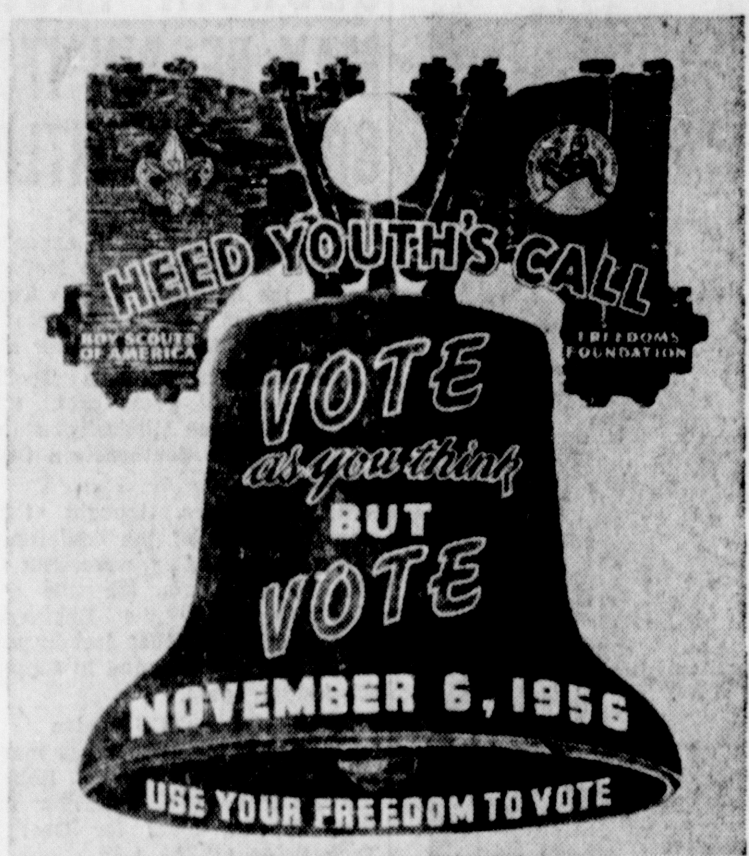

They have marked off as already lost to Eisenhower 15 states with 105 electoral votes. They are: Colorado, Connecticut, Idaho, Indiana, Kansas, Maine, Maryland, Nebraska, New Hampshire, New Jersey, South Dakota, Utah, Vermont, Wisconsin and Wyoming.

## URGE STUDY OF SCHOOL DISTRICT REORGANIZATION

PHILADELPHIA (AP)—An extensive study of the proposed reorganization of the state's school districts has been urged before the state school directors' assembly.

The State School Directors Assn. at the conclusion of their 60th annual convention here over the weekend, said before any such reorganization is carried out "the complete plans, area boundaries, and cost be presented to all school boards involved, including the advantages and disadvantages of such reorganization and that hearings be conducted in each proposed new district."

Several other resolutions were critical of the Legislature's action in raising school teachers' salaries without accompanying subsidies to pay for them.

Seek To Cut Costs

The reorganization proposal has been advanced as a means of cutting costs in the school system. In some cases it would put

more than one county under an administrative unit and do away with county superintendents.

Opponents of the proposal say the larger administrative units would destroy the personal approach to local school problems. Norman D. George, West Chester, was elected president, along with these vice presidents: George W. Baumgartner, Pittsburgh; Donald Treon Sunbury, and Harry J. Brennan, Buck Hill Falls.

The following regional directors were elected: A. C. Spout, Mercer; Bernard J. Grebb, California; Paul E. Burkett, Johnstown; E. R. Page, Susquehanna; and Frank W. Zeigler, Manchester.

Harrisburg was chosen for the 1957 and 1958 conventions, with Pittsburgh holding the 1959 convention and the 1960 convention returning here.

## SEE NEW POLICY TOWARD POLES IF NEW LEADERS CAN HOLD ON

By JOHN M. HIGHTOWER

WASHINGTON (AP)—A reappraisal of United States policy toward Communist Poland is in the making. The chances appear good that Poland's new, independent Red leadership can obtain American economic aid if it wishes — and if it survives.

Secretary of State Dulles told a nationwide television audience last night — after conferring with President Eisenhower — that anything which weakens the "great structure" of Soviet Communist power "and leads to its breaking up" is in the interest of the United States.

His words on this and other aspects of the sensational revolt in Warsaw against Soviet domination left little doubt that he sees the prospect of an independent Poland as comparable to the situation of Yugoslavia after its break with the Kremlin in 1948. Yugoslavia obtained help from the United States, Britain and

France in order to withstand Soviet pressures.

### Encouraged By Tito Help

Even before Dulles spoke out, the White House suggested in response to questions that the help given President Tito of Yugoslavia had encouraged the Polish revolt against Soviet dictation. Eisenhower ruled a week ago that aid to Tito should continue.

The Polish crisis reached a climax last night when the Communist Party Central Committee at Warsaw drove the Stalinists from its controlling Politburo and restored Wladyslaw Gomulka, who was purged in the days of Joseph Stalin, to the powerful post of first secretary.

The ouster from the Politburo of Marshal Konstantin Rokossovsky, defense minister and symbol of Soviet power in Poland, was seen here as convincing evidence that Gomulka is in deadly earnest about winning for Poland freedom of action.

### Would Like Democracy

Dulles, under questioning by a TV panel of reporters, raised no objection to establishing friendly and cooperative relations with a Communist government so long as it is independent of Moscow. This country would like to see a Western-type democracy in Poland and many other nations, he said, "but that is a system which can only be spread throughout the world gradually."

He made these other main points in his interview:

1. He considered it unlikely that the Soviets would use "mass military means" to crush the Warsaw political rebellion; a "bloodbath" was improbable. Other "repressive measures" may be used. But even if the Russians did throw their military power into action it would not succeed in putting down the drive to freedom because that has too great a popular base.

### Wouldn't Send Troops

2. Should the Russians fight in Poland, he did not think "we would send our own armed forces" to oppose them. That would "precipitate World War III" — the last thing the Polish people want because he said it would wipe them out.

3. The "peril" of getting into a great war is less than it once was. With the Western world united for defense, such a conflict "would not be productively undertaken" by the Soviet Union.

4. The Soviet Communist high command is in an "obviously serious dilemma" all over Eastern Europe. With the death of Stalin, it undertook to remove some of the Stalinist controls. In doing so,

## 1957 Dodge Lancer Hardtop Five Inches Lower

## 1957 DODGES GO ON DISPLAY OCTOBER 30

DETROIT — Lower, longer and wider with far-reaching advances for smoother, quieter performance, the 1957 Swept-Wing Dodge passenger cars make their first appearance in dealer showrooms on Tuesday, October 30.

M. C. Patterson, Dodge president, said dynamic new principles of auto design and manufacture, with exciting new applications of materials, have been combined to produce an advanced design 1957 Dodge with "entirely new riding characteristics, virtually free of vibration, noise and road shock."

The same autodynamic principles responsible for achieving this new driving sensation in the 1957 Dodge also made possible many of the car's swept-wing styling advances.

**Five Inches Lower**  
An all-new suspension system and newly designed frame give the 1957 Dodge a much lower center of gravity, providing road-hugging qualities formerly found only in high priced sports cars.

Not only is this a major contribution to highway safety, but it also enabled Dodge to reduce car height by as much as five inches, so that the new Lancer hardtop stands less than 55 inches high.

The 1957 Dodge features swept-wing rear fenders comparable to the rudders of airplanes or racing boats. Keynote of the Dodge styling theme, they also have the definite functional purpose of stabilizing the car in crosswinds.

**New Suspension**  
The old vertical coil front springs are gone from the 1957 Dodge, which presents a new type modern front suspension, Torsion-Air.

Horizontal steel torsion bars have replaced the upright coil type springs, and the new springing is achieved by slightly twisting these sturdy, straight bars. The torsion bars give a smoother softer ride, last longer, require less maintenance and occupy less space — a major factor in lowering the car's overall height.

Rear leaf springs are mounted outside the frame rather than inside, it has released aggressive forces for freedom which threaten the whole power structure of the Soviet empire.

## 15 Are Killed In Highway Accidents

By THE ASSOCIATED PRESS

Highway accidents took 15 lives and 11 persons died in other types of accidents throughout Pennsylvania during the weekend.

Three of the deaths stemmed from the opening Saturday of the state's small game hunting season.

The toll was the seventh highest for the year and was the 16th weekend in 1956 in which 20 or more persons were killed in accidents.

In addition to the hunting fatalities, two others died of accidental gunshot wounds. Two persons were killed in falls, one in a fire, another was rolled on by a horse, one man was fatally injured in a fight and another was killed by a train.

## DEATHS

By THE ASSOCIATED PRESS

BUFFALO, N.Y. (AP)—Lawrence D. Bell, 62, founder and board chairman of the Bell Aircraft Co., which is credited with producing the first jet plane, the first commercial helicopter, the first plane to crack the sound barrier and the rocket plane X-2, the world's fastest and highest flying airplane, died Saturday. He was born in Montone, Ind.

WASHINGTON (AP)—Ernest Wayne Rembert, 55, an official of the World Bank and a former executive with Johnson & Johnson Co., Johns Manville Co. and the Tidewater Oil Co., died Saturday. He was born in Jefferson City, Mo.

substantially increasing the car's stability and reducing sway on turns. Suspension and steering systems of the new Dodge, as well as the engine, are completely isolated from the frame with rubber insulation to eliminate metal-to-metal contact for smoother, quieter performance.

**Torque-Flite Transmission**  
Dodge's new Torque-Flite push-button transmission gives livelier response in both acceleration and engine braking, and the smoothest kind of getaway performance.

Five selector buttons for Torque-Flite are located on the left side of the instrument panel, with "first," "second" and "drive" forward ranges, plus neutral and reverse.

## IKE TELLS OF WORK TO HELP SMALL BUSINESS

WASHINGTON (AP)—President Eisenhower pledged yesterday "to keep moving forward" a program he declared "has done more for small business than any prior administration."

The White House made public a telegram to an organization called "Small Businessmen for Ike," headed by Fred Herman of Rochester, N.Y. Herman had suggested that Eisenhower compare the record of his administration with what Herman termed "the doubtful promises of your opponent."

In his reply, Eisenhower spoke of "campaign misrepresentation" and said his administration has provided an economic climate in which small businesses can flourish.

**Cites Peacetime Agency**  
He cited the Small Business Administration set up at his recommendation as "the first independent peacetime agency to devote itself exclusively to matters of interest to small business."

He said small business men have been granted some tax relief, and that the government has channeled to such firms a big share of federal purchases.

He said his administration's record "shows more accomplished, and more under way, for small business than ever before," adding:

## New Leaders

(Continued from Page 1)

World War II Poland, and twice had sought refuge in neighboring Russia.

But he refused to go as far as others in turning his native land into a Soviet colony. On Stalin's orders, he was jailed in 1951 on a charge of Titoism. After his release from prison in December 1954 he became a symbol of so-called national communism. The Polish Communists "rehabilitated" him earlier this year.

Some Polish Communists said

ing: "We pledge to keep moving forward."

Issuance of the telegram was Eisenhower's only direct campaign activity yesterday. He attended services at the National Presbyterian Church and then conferred with Secretary of State Dulles and others before making public a reply to Russian Premier Bulganin's latest letter on disarmament.

Eisenhower has contended that some foolproof inspection system is needed as part of an international agreement before this country can stop its tests.

Twelve scientists sent him a message saying that "we have no prudent course except to continue the development and testing" of atomic weapons.

they expect Hungary to take a similar course by returning to power former Premier Imre Nagy, who was deposed in 1955 as a rightist. Only yesterday thousands of Hungarian students issued ultimatums to the authorities threatening street demonstrations unless their demands for more freedom and better living conditions are met within two weeks.

Some Polish sources forecast that Gomulka's victory might cost Nikita Khrushchev his job as boss of the Soviet Communist party. Old Stalinists — supporters of the harsh policies of the late Soviet dictator — are said to feel that Khrushchev's policy of reconciliation with Yugoslav President Tito threatens dissolution of Russia's satellite empire.

### Crisis Friday Night

From the mass of conflicting reports and rumors circulating through Warsaw, emerged this generally accepted picture of the events of the past weekend:

The real crisis apparently broke Friday night, while Khrushchev and a Soviet delegation were in the city. Khrushchev was pictured as in an aggressive mood.

The liberal elements in the Polish party, however, were supported by practically the entire population in what amounted to a national movement for "bread and freedom." The Gomulka faction apparently convinced Khrushchev that any attempt to suppress the

current trend would be met by a national uprising. Khrushchev left the next morning.

The government, alarmed by troop rumors, demanded suspension of Soviet troop movements Friday.

### Polish Troops Fired

Later that night, a Soviet regiment apparently tried to cross the Oder River from East Germany into Poland, at a point 15 miles south of Szczecin (Stettin). Polish troops asked them to keep out. But the Russians reportedly ignored the request and attempted to cross by force.

Then the Polish troops were reported to have opened fire. Some reports said there were casualties. Whether the Russians returned the fire was not known. At any rate the Soviet regiment withdrew.

Life in Warsaw remained normal throughout the crisis. The tension finally relaxed with Khrushchev's departure Saturday morning and the announcement that a delegation of Polish leaders would visit Moscow for further talks to further "Polish-Russian friendship."

Communist informants said Poland probably will remain tied to Russia in the military sphere for at least the time being.

## On The U. S. Political Front

PHILADELPHIA (AP)—Sen. James Duff (R-Pa.) says Joseph S. Clark, who is seeking to replace Duff in the Senate, is "a Dr. Jekyll and Mr. Hyde."

Duff said in a weekend speech that Clark had been decrying the plight of the small businessman in the Eisenhower administration, yet imposed a three mill tax on small businessmen in Philadelphia while he was mayor.

He also said Clark supported "the ruinous tax proposals" of Gov. Leader.

Duff accused Clark and other top Democratic campaigners for the wickedest campaign of falsehood, misrepresentation, half truths and appeal to prejudice in my recollection.

He called Clark a "faker" and said:

"Let this bleeder Clark tell the average guy of his immense baronial estate at Avery Island in Louisiana with his private hunting and fishing grounds, with his fabulously rich oil wells daily enriching his coffers, and of the tobacco sauce enterprise with the great number of Negroes working over hours who are prohibited from organizing and who are paid substandard wages."

In Indiana, Pa., Robert F. Kent, candidate for state treasurer, said he had "documented evidence that official state envelopes" had been used to mail out auto stickers promoting Adlai Stevenson's Democratic campaign for president.

Kent said one such envelope was received by Mrs. Edna Carroll "a

very prominent Republican who is only too glad to pass on the evidence. . . ."

Kent said the envelope was mailed out "in the guise of a contract notice," by the State Department of Property and Supplies.

Mrs. Carroll is a former chairman of the State Board of Motion Picture Censors. Kent said the envelope was mailed to her in care of the State Board of Censors in Harrisburg.

PHILADELPHIA (AP)—Joseph S. Clark, Democratic candidate for the U. S. Senate, has challenged his Republican opponent, incumbent James H. Duff, to make his 1955 income tax return public.

This challenge developed as the former Philadelphia mayor prepared to take his campaign into today in his effort to defeat Duff's bid for election to a second term.

In a statement yesterday, Clark replied to charges made by Duff in a speech to a Republican rally here Saturday.

In that speech, Duff had referred to Clark's "fabulously rich oil wells daily enriching his coffers, and of the salt mines in which he is interested there (in Louisiana), and of the tobacco sauce enterprise with the great number of Negroes working over hours who are prohibited from organizing and who are paid substandard wages."

Clark said "the facts are: '1. The salt mine to which he refers is operated by those staunch Scranton, Pennsylvania, Republicans, Edward and Mortimer Fuller. Neither I nor any member of my family has any interest in it other than to collect rent as lessor.

"In point of fact, Negroes and whites work side by side in the mine. Many Negroes hold super-

## 2 Young Students Elope To Florida

PHILADELPHIA (AP)—A St. Joseph's College freshman who along with a teen-age girl was reported missing several weeks ago told his parents in a telephone call yesterday from Florida that he and the girl eloped.

Joseph L. McLaughlin 3rd of Wynnwood, Pa., and Barbara Sarvis, 17, of Philadelphia, were reported missing after they failed to arrive at Westminster Choir College, Princeton, N. J., where the girl was a student.

They had left Philadelphia in his car and were expected at the college on Sunday night, Sept. 30. That was the last heard of them until McLaughlin's mother received the telephone call from Jacksonville, Fla.

The young couple said they planned to return to Philadelphia by Wednesday.

## Piecework Dispute Idles 3,400 Workers

PHILADELPHIA (AP)—A dispute over piecework earnings on the new one million dollar assembly line at the Budd Co.'s Red Lion plant in northeast Philadelphia has idled some 3,400 workers at the plant.

The men struck Saturday and voted Sunday to continue the strike and set up picket lines at the plant.

Officials of Local 92, United Auto Workers, said the men were not able to earn as much wages on the new assembly line. A company spokesman said, however, that the men could make the same earnings, provided they "put out the same effort."

visory positions.

"2. I have no financial interest in the tobacco enterprise. My fine and able cousins who do are Eisenhower Republicans.

"3. Like Sen. Duff, I have regular income from oil royalties. If the senator wants to make his 1955 income tax return public, I will be glad to follow suit."

## WILL INSPECT SAFETY OF SPAN AFTER MISHAP

PALMYRA, N. J. (AP)—The Burlington County Bridge Commission has ordered a study of safety equipment on the Tacony-Palmyra bridge following an accident in which a car carrying three persons became wedged between the drawspan and the stationary roadway.

Leo S. Schaeffer, general manager of the span, said the commission will check "to see if even more safety equipment might be installed" to prevent a recurrence of the accident.

Mrs. Marie Cini, 39, of Moorestown, N. J., was driving across the bridge Saturday night with her two children when the automatic gates on the Philadelphia side closed behind her and those on the Jersey side in front of her.

She then stopped her car short of the permanent roadway on the Jersey side and the span began to rise. The car slid and became wedged in a four-foot opening be-

between the rising span and the roadway.

Kingsdale Fire Hall, Littlestown-Taneytown Rd. Approximately 300 guests were in attendance from New York, New Jersey, Maryland, Iowa, Wisconsin, York, Gettysburg, Waynesboro, Chambersburg, Baytown, Columbia and Littlestown. A four-tier wedding cake, topped with cut flowers, adorned the bride's table. A white and gold color scheme was used in the decorations. Miss Florence Reindollar, York, poured, and Mrs. Dale Onnen, Newton, Iowa, served at the punch bowl.

To Live In Wisconsin  
Following the reception, the couple left on a wedding trip to the South. For traveling, the bride chose a turquoise knit suit with dark brown accessories. Upon their return, the Rev. and Mrs. Onnen will reside at 3228 Geele Ave., Sheboygan, Wis.

The bride was graduated from the Littlestown Junior-Senior High School in 1952, and from Gettysburg College in August, 1955. She is a member of the Lambda Nu and Kappa Delta Epsilon sororities. She served for one year as a parish worker for the United Lutheran Church in American in Chillicothe, Ohio.

The bridegroom, formerly of Manson, Iowa, graduated from Wartberg College, Waverly, Iowa, and Wartberg Seminary, Dubuque, Iowa, in 1955. He is serving as pastor of St. Peter's Lutheran Church, Sheboygan, Wis.

tween the rising span and the roadway.

Saves Two Children

Bridge guard Richard Schaeffer, 24, son of the bridge manager, ran to the edge of the stationary roadway and pulled the two children and then Mrs. Cini to safety.

The span remained open and traffic backed up on both sides for 45 minutes before the car could be removed.

Schaeffer, the general manager,

said Mrs. Cini could have driven off the mobile part of the bridge onto the stationary roadway in front of the gates but apparently did not realize this.

HARRISBURG (AP)—John G. Kurzenkabe Sr., Harrisburg, co-owner of the Kurzenkabe press and a lay leader of the Lutheran Church for many years, died Saturday.

He was past president of the

National Luther League of America and the State Luther League and a member of the committee on church papers of the United Lutheran Church in America.

Funeral services will be held Thursday.

**Reds Fear Control**  
This is the American position; gradual disarmament with conventional weapons, later production of nuclear weapons would end. But there would have to be ironclad controls and inspections from the beginning to be sure there'd be no cheating.

The Russians have put their main emphasis on a ban on nuclear weapons. They have rejected all Western proposals for controls.

The Russians and Red Chinese far outnumber the United States in manpower. It would be to their advantage to get this country right off to agree on banning nuclear weapons in war. Those nuclear weapons for the United States offset Russian and Chinese manpower.

lead toward ending H-bomb tests. He was only a candidate for the Democratic nomination then. Bulganin didn't follow Stevenson at that time with a similar proposal. But on Sept. 5, 1956 — when he was the Democratic candidate — Stevenson repeated his proposal on the H-bomb. Six days later, Sept. 11, Bulganin wrote another letter to Eisenhower.

He proposed ending "tests of atomic and hydrogen weapons." This went further than Stevenson, who had called only for an end to H-bomb tests, not to all atomic weapon testing.

**Won't Stop Tests**  
As the campaign wore on Stevenson made his H-bomb suggestion, a main campaign issue. And on Oct. 17 Bulganin wrote Eisenhower another letter, again suggesting the big powers end atomic weapons tests.

He also said he understood this was now an issue in the election campaign. Eisenhower replied quickly. Yesterday he told Bulganin in effect to mind his own business.

Before Bulganin's letter arrived Eisenhower had already said the H-bomb tests couldn't be stopped — without foolproof guarantees that Russia wouldn't continue hers — because it would give Russia an advantage.

**BULGANIN TOLD U.S. WON'T STOP H-BOMB TESTS**

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—Soviet Premier Bulganin stuck his nose into an American election campaign and this may mean the end to a lengthy correspondence which wasn't getting anywhere.

Besides, the Russian had developed a habit of breathing down Adlai Stevenson's neck. Twice he followed up Stevenson's suggestions on ending H-bomb tests by making similar proposals himself.

Bulganin has written President Eisenhower seven letters on disarmament since they first met at Geneva in July 1955. Eisenhower has answered five times. They could never agree.

Meanwhile, their representatives in the United Nations, on a special commission to work out disarmament plans, couldn't agree, either.

# PRO-EGYPTIANS, INDEPENDENTS WIN IN JORDAN

By WILTON WYNN  
AMMAN, Jordan (AP)—Pro-Egyptian parties and independents won a majority in Jordan's new Parliament in elections yesterday.  
The National Socialist party, which has been called by Egyptian President Gamal Abdel Nasser the "symbol of Arab awakening," won at least 10 of the 40 seats in the Chamber on the basis of complete returns for 35 seats.  
Five seats were still in doubt in Amman, the capital where the National Socialist leader, Suleiman Nabulsi, was contesting for one seat with Abdul Rahman Shukair, a member of the Communist-line National Bloc. Nabulsi may be chosen the new premier if elected.  
The pro-Communist National Bloc already was certain of three members, the largest representation of a far leftist party in any Arab country. In addition it counted on the support of at least one member elected as an independent.  
Lefts Get Two  
Another leftist group, Arab Resurrection party, and the extreme rightist Moslem Brotherhood and Moslem Liberation party elected only two members each.  
The 16 elected as independents, however, included three or four who were considered supporters of the former Mufti of Jerusalem, Haj Amin el Hussein, who is extremely anti-British. One of the successful candidates was his cousin, Dr. Jawid Hussein.  
The National Socialists advocate terminating Jordan's alliance with Britain by negotiation, but want to make arrangements for other aid before severing military links with the British. Under the British-Jordan alliance of 1948, Britain

# UNION LEADER IS ARRESTED FOR STRONG-ARM ACT

SAN FRANCISCO (AP)—A factional feud among officials of the International Union of Bakery and Confectionary Workers broke out here yesterday, and its president was accused of invading three hotels with a strong-arm squad to quell his opposition.  
James G. Cross, 44, of Washington, D.C., president of the union and three of its organizers were booked on suspicion of kidnapping and assault. They were released on \$5,000 bail each.  
Cross, arrested at lunch at the Sheraton-Palace Hotel, denied the charges.  
Called Framup  
"I wasn't there," he said. "It's a frameup."  
Cross' accusers were Joseph G. Kane, 42, president of the union's Long Island, N.Y., Local 525; Nathan Ehrlich, 56, president of New York Local 51; Ehrlich's wife Lillian; and Louis Genuth, 45, secretary of the New York local.  
Kane, an ex-Marine, accused Cross and three others of beating him and taking him out of his hotel room to two other hotels. The Ehrlichs and Genuth charged the quartet invaded their rooms before dawn and roughed them up.  
With Cross, they said, were George Stuart, 47, Washington, D.C.; Frank Gardone, 31, Pittsburgh; and Frank Mykalo, 34, Scranton, Pa. The three organizers surrendered to police.  
Kane is running for president of the 180,000-man union.  
The officials were here to prepare for the union's first national convention in five years. It opens Wednesday.  
J. E. BARBEY DIES  
READING, Pa. (AP)—John E. Barbey, president of Vanity Fair Mills, died yesterday at his home in nearby Greenfields. He was 67.  
Barbey had been associated with the firm since 1912 and its general manager since 1916. He was a graduate of the Hill School and Yale University.  
He is survived by his widow, two sons and two daughters.  
Funeral services will be held privately.  
The practice began 100 years ago of treating railroad ties with creosote and petroleum to season them for longer life.
